

Tenure-Track Assistant Professor

Prairie View A&M University

Civil and Environmental Engineering

The Department of Civil & Environmental Engineering within the Roy G. Perry College of Engineering at Prairie View A&M University invites applications for a tenure-track faculty position in Structural Engineering at the Assistant Professor level with an expected start date of Fall 2013. This tenure track position is responsible for teaching undergraduate and graduate courses in Civil engineering with Structural Engineering focus. Primary duties consist of, but are not limited to, developing new courses in their area of expertise; writing proposals and obtaining funding; conducting cutting edge research and publishing in peer reviewed journals; advising graduate and undergraduate students with research and enhancing the research profile of the department; providing service to the department, college, university, community and profession; serving on committees, outreach and recruitment activities; and working with department head and other faculty to enhance the visibility of the department and university. For more information about the department, please visit the department website at www.pvamu.edu/cee.

Minimum Experience/Education Requirement: Three years of teaching and research experience, to include experience from industry, academia or as a graduate assistant. Ph.D. in Civil/Structural Engineering or closely related engineering fields, or completing a Ph.D. in Civil/Structural Engineering by May 2013.

How to Apply: To view the job posting in its entirety and to apply online, please visit us at: jobs.pvamu.edu. For assistance with the application process, please contact the Office of Human Resources at 936-261-1730 or jobs@pvamu.edu. All applications must be successfully submitted via our website by Wednesday, March 13.
