

The Department of Civil, Architectural, and Environmental Engineering at Missouri University of Science and Technology invites applications for a non-tenure track (NTT) position in the general area of building systems with an anticipated start date of Fall 2014. We anticipate hiring at the assistant teaching professor level; responsibilities include developing and teaching building systems and energy simulation courses and laboratories, undergraduate advising, and service activities related to the profession, department, and campus as appropriate.

The successful applicant will have superior communication skills, with a demonstrated potential for high quality teaching. An earned Ph.D. in architectural, mechanical, or civil engineering, building science, or a closely related field is required, with an emphasis in one or more of the following areas: high performance building systems, including HVAC and building enclosures, environmental control (passive and active), or indoor environmental quality. Expertise in smart building systems as it applies to the areas of energy management systems, alternative energy systems and/or intelligent climate control systems is highly desirable. Additional information about the university and the department can be found at <http://care.mst.edu/>.

Review of applications will begin on March 15, 2014 and will continue until the position is filled. Interested candidates should electronically submit an application consisting of a cover letter, current curriculum vitae, a statement of teaching interests and philosophy, and complete contact information for five professional references to the Missouri University of Science and Technology's Human Resource Office at jobs.mst.edu. All submitted application materials must have the position reference number, 00037927, in order to be processed. Acceptable electronic formats that can be used for electronic attachments include PDF and Word; hardcopy application materials will not be accepted.

Missouri S&T participates in E-Verify. For more information on E-Verify, please contact DHS at 1-888-464-4218. All job offers are contingent upon the successful completion of a criminal background check. The final candidate is required to provide official transcript(s) for any college degree(s) listed in application materials submitted. Copies of transcript(s) must be provided prior to the start of employment. In addition, the final candidate may be required to verify other credentials listed in application materials. Failure to provide official transcript(s) or other required verification may result in the withdrawal of the job offer.

Missouri S&T is an AA/EO Employer and does not discriminate based on race, color, religion, sex, sexual orientation, national origin, age, disability, or status as Vietnam-era veteran. Females, minorities, and persons with disabilities are encouraged to apply. Missouri S&T is responsive to the needs of dual-career couples. All job offers are contingent upon successful completion of a criminal background check.
