

Syracuse University's Department of Civil and Environmental Engineering (CIE) is seeking candidates to fill a non-tenure track Professor of Practice position in the area of Infrastructure Engineering and/or Construction Engineering and Management. The expected start date for this position is August 2014, and the initial appointment is for a period of two years, which is renewable contingent upon mutual agreement between the University and the appointee.

The CIE Department at Syracuse University currently has 14 full-time faculty members engaging in teaching and research in the areas of construction, environmental, geotechnical, and structural engineering. There are approximately 340 undergraduate and 100 graduate students in our civil and environmental programs. Our department offers ABET accredited B.S. degrees in both Civil and Environmental Engineering, as well as M.S. and Ph.D. degrees in Civil and Environmental Engineering. The Department also has a joint graduate program in Public Infrastructure Management and Leadership with the Syracuse University's highly ranked Maxwell School of Citizenship and Public Affairs.

This position includes a competitive salary and an attractive benefit package.

Syracuse University is strongly committed to gender and ethnic diversity. Women and members of minorities are especially encouraged to apply. Syracuse University is an affirmative action/equal opportunity employer.
