Scholarship Award 2013

Scholarship
The ITE Illinois Section Scholarship is presented annually to encourage students to consider Transportation Engineering or Transportation Planning in their studies and career aspirations and to provide partial financial support to students who have demonstrated an interest and are likely to work in the transportation field. The Scholarship will be provided to two students in the amount of $2,000 each, to assist in offsetting education costs.

Eligibility
To be eligible for the Scholarship, you must be a full-time undergraduate or graduate student in an Illinois college or university with course work and career goal emphasis on Transportation Engineering or Planning.

Selection Criteria
Candidates will be evaluated on the basis of academic performance, education plans, career goals, activities, and record of leadership. Final evaluation will be made on the basis of a complete application, a statement of career objectives and past accomplishments, and at least one professor evaluation form (one of which must be from a Transportation or Planning faculty member).

Terms & Conditions
The scholarship is good for one academic year and is not renewable. The winner of the Scholarship Award will be introduced at the Annual Dinner Banquet, held in early 2014. The recipient must make arrangements to attend the dinner. The scholarship check will be issued at that time, provided that verification of enrollment in a full-time program conforming to stated educational objectives can be obtained.

How to Apply
To apply for the Scholarship Award, complete the attached application form and the items listed as part of the submittal materials. Submit the application package to: Mr. Ryan Jacox, IL ITE Student Affairs Director, c/o TranSystems, 1475 E. Woodfield Road, Suite 600, Schaumburg, IL 60173. Packages may also be emailed to rpjacox@transystems.com but applications must be signed by hand. ALL APPLICATIONS MUST BE RECEIVED BY 11:59 P.M. ON FRIDAY, NOVEMBER 29, 2013.

ITE
The purpose of the Institute shall be to enable engineers and other professionals with knowledge and competence in transportation and traffic engineering to contribute individually and collectively toward meeting human needs for mobility and safety, and to promote professional development of members, by the support and encouragement of education, stimulation of research, development of public awareness, exchange of professional information, and maintenance of a central point of reference and action.
