Civil Engineering (Structural) Lecturer Position Announcement:

**Job Details:**
The Civil & Environmental Engineering (CEE) Department at the University of Wisconsin-Platteville invites applications for a full-time Teaching Academic Staff position to start in August 2013 or January 2014.

**Qualifications:**
Applicants must have
- A B.S. in civil engineering or a closely related field, plus a professional engineering license with industry experience in structural engineering, or
- An M.S. in civil engineering with a structural engineering emphasis.

Excellent oral and written communication skills are required.

Preference will be given to those applicants with some or all of the following:
- An M.S. in civil engineering with a structural engineering emphasis and a professional engineering license with industry experience in structural engineering.
- A background in structural design of wood and/or steel structures, through industry experience, research, or post-graduate coursework.
- Teaching experience at the university level.
- Experience with structural analysis software and other commonly used engineering software such as Microsoft Excel and Mathcad.

**Responsibilities:**
The primary responsibility of the position is to teach undergraduate structural engineering courses in a student-centered environment. The assigned course load will be four courses per semester with no advising or other responsibilities typically assigned to tenure-track faculty members.

**Department Information:**
The CEE Department has 12 full-time tenure/tenure track positions and graduates approximately 80 students each year. The department offers ABET accredited undergraduate degrees in both Civil Engineering and Environmental Engineering. Civil Engineering has emphasis areas of Construction, Environmental, Geotechnical, Municipal, Structural, and Transportation.

**Campus Information:**
The University of Wisconsin-Platteville, founded in 1866, enrolls about 8,000 students in 42 baccalaureate and 6 master's programs. It possesses institutional strengths in middle level education, engineering, industrial technology, agriculture, criminal justice and business. The campus is located in Southwest Wisconsin's largest and most historic community. The region offers excellent school systems, high quality medical and hospital facilities, outstanding recreational opportunities, and vibrant businesses and industries. UW-Platteville is a cultural and educational center for the Tri-State region of Illinois, Iowa and Wisconsin.

Platteville is a friendly, progressive community of 11,000 set in the beautiful rolling landscape of Southwest Wisconsin. It offers an excellent school system, high quality municipal and medical facilities, outstanding recreational opportunities, and a vibrant business/industrial community.

**Special Notes:**
The University of Wisconsin-Platteville, an equal opportunity, affirmative action employer, seeks to build a diverse faculty and staff and encourages applications from women and persons of color. The names of nominees and applicants who have not requested in writing that their
identities be kept confidential, and of all finalists, will be released upon request. Employment will require a criminal background check.

To Ensure Consideration:
To ensure full consideration, submit application by March 15, 2013; however, applications will be accepted until the position is filled.

Additional Information:
Effective Date of Appointment: The preferred start date is August 20, 2013. This will be an academic-year appointment with possibility of renewal.

To Apply:
Submit 1) a letter of application addressing all qualifications; 2) a resume; 3) a separate statement describing a history of working with or demonstrated commitment to addressing issues of race, gender, sexual orientation, disability, and/or other issues of historic marginalization; 4) contact information for three professional references, preferably including references who can address potential teaching effectiveness; 5) copy of undergraduate and graduate transcripts (unofficial transcripts are acceptable). These five documents are to be submitted as a single PDF file. **Paper copies will not be accepted.**
